Berkeley ENGINEERING | efrei GROUPE PARIS-SUD Enseignement supérieur | MITx | ILLINOIS INSTITUTE OF TECHNOLOGY

LEARNING AND LIVING ENVIRONMENT

- 200 acre grand campus
- Career development cell
- Active learning classrooms
- 10+ clubs and societies
- Participate in 10+ sports
- 7 countries, 16 Indian states represented
- 26% women

SCHOOL OF LIBERAL ARTS AND BASIC SCIENCES

One degree, many skills

6 foundation courses

Multiple career options

Encouragement of a learning mindset

Employment opportunities

Seasoned staff of educators

SEAS VALUE PROPOSITION

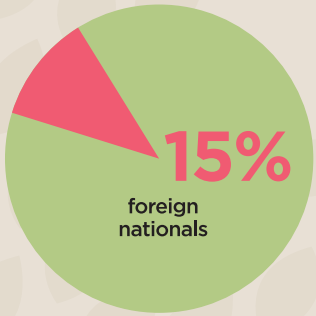

Developing a lifelong learning mindset

1. Distinctive Faculty
2. Global Collaborations
3. Teaching Methodology
4. Research & Innovation
5. Learning & Living

DISTINCTIVE FACULTY

100%
100% faculty with international research/ teaching experience

100%
with a Ph.D.

OUR COLLABORATIONS

SRM University, AP – Amaravati forged collaborations with reputed global institutions in order to develop a course that is more advanced and unique.

Collaboration with the UC Berkeley, College of Engineering, through the Dado and Maria Banatao Center for Global Education and Outreach.

Our new flagship higher education project, we have inked a collaborative partnership with France's leading specialised engineering institution, EFREI.

Signed an MoU to further academic collaboration in engineering and the sciences with Illinois Institute of Technology, Chicago.

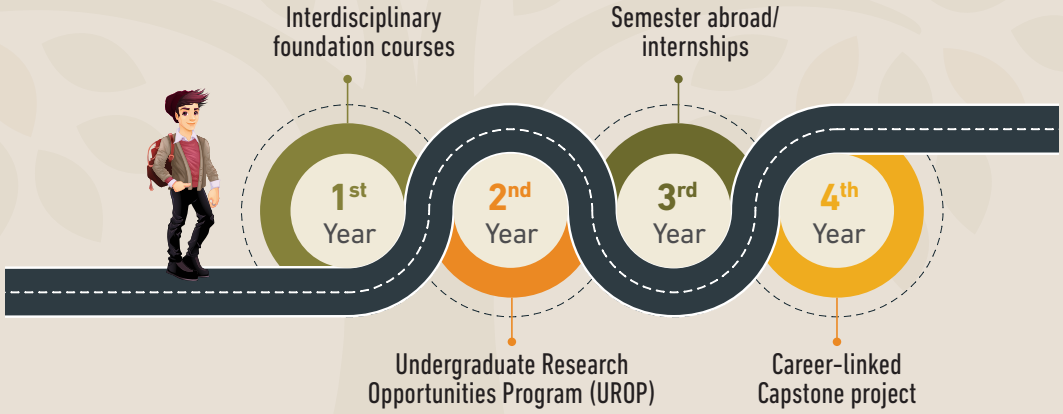

Working with MIT, U.S. (Massachusetts Institute of Technology) in the design of its curriculum using MITx courses.

COURSE STRUCTURE FOR SLABS

1. Foundation courses across 6 disciplines
2. Departmental core courses
3. Departmental electives
4. Generic electives
5. Optional minors
6. Optional 1 year diploma

COURSE STRUCTURE FOR SEAS

CULTURE OF RESEARCH & INNOVATION

- **Jal Janak Rail -** India's first hydrogen powered train
- Prototype to test in 2020

Student-run Next Tech Lab

- VR & AR App developed
- AI, ML, Computational Biology, Electrical Systems & Mixed Reality

SRM UNIVERSITY, AP – AMARAVATI

Spread across 200 acres, designed to accommodate 20000+ students & 1500 faculty members, and surrounded by picturesque greenery is SRM University, AP - Amaravati. Offering cutting-edge engineering, liberal arts and management programs, this multi-stream research university is a melting pot of different disciplines and distinct personalities. Globally connected, nationally relevant and regionally transformative, SRM's newest university is on course to becoming an international benchmark for higher education.

SCHOOL OF ENGINEERING & APPLIED SCIENCES (SEAS)

SEAS has strived to provide quality education, contributing to research, global exposure and extensive learning methodologies that provide vast opportunities to students from all walks of life. The students who earn their engineering degrees at SRM University, AP – Amaravati develop unique ways of understanding, experiencing, and applying their education that leads to success and advancement in their careers and lives on the whole.

SCHOOL OF LIBERAL ARTS & BASIC SCIENCES (SLABS)

Today, the world is facing increasingly complex issues and challenges, tackling which demands a multi-dimensional thought process and problem-solving skills. The School of Liberal Arts & Basic Sciences at SRM University, AP – Amaravati, offering a fully rounded liberal arts education, was instituted to develop students who not only rise to this challenge, but choose to do more.

UNDERGRADUATE COURSES OFFERED

@SLABS

- B. Com | B.B.A.
- B.A. Economics
- B.A. History
- B.A. English
- B.A. Journalism
- B.A. Psychology
- B.Sc. Physics
- B.Sc. Chemistry
- B.Sc. Biology
- B.Sc. Mathematics
- B.Sc. Computer Science

@SEAS

B.Tech Majors

- Civil Engineering
- Computer Science & Engineering
- Electrical & Electronics Engineering
- Electronics & Communication Engineering
- Mechanical Engineering

Postgraduate Programs - M.Tech

Artificial Intelligence and Machine Learning | Cyber Security | Data Science
Energy Systems | Electronic Product | Design and Development | Robotics

Ph.D. Programs
