## Guru Ghasidas

Guru Ghasidas Vishwavidyalaya is named after Saint Guru Ghasidas (1756-1836), a visionary social reformer. Guru Ghasidas founded Satnam Panth, a socio-religious sect, which challenged contemporary discriminatory social order and advocated for social equality by refuting the exploitative and hierarchical caste system. With his holistic vision and systematic reforms, Guru Ghasidas contributed significantly in removing the prevailing social injustice and inequality.

Satnam Panth believes that truth is God and there is only one God, which is formless (nirgun) and infinite (anant). Individual reformation was brought by prohibiting consumption of liquor and non-vegetarian food. Guru Ghasidas also formulated principles, which show his love for fauna and his desire to put an end to cruelty towards animals. The partisans of Satnam Panth have been following these dictates from last hundreds of years now.

After its upgradation into a central university, many steps have been taken by the University authorities to translate Guruji's philosophy into reality. Now, our campus is an alcohol and tobacco free campus. Our vibrant university campus, where students from diverse castes, creeds and classes come together from all over India, provides an egalitarian environment based on Guruji's teachings.

# विश्वविद्यालय कुलगीत

कुलगीत की रचना सुप्रसिद्ध राजनेता, साहित्यकार एवं कवि हृदय पं. राजेन्द्र प्रसाद शुक्ला प्रथम अध्यक्ष, छततीसगढ़ विधानसभा द्वारा की गई है।

गुरू कृपा के पुण्य परस से, विद्या का वरदान है॥
घासीदास विश्वविद्यालय, हम सबका अभिमान है॥
महानदी, शिवनाथ, नर्मदा, हसदो पावन धारा है।
अंतःसलिला अरपा का, सतत् प्रवाह हमारा है॥
छत्तीसगढ़ की माटी का, यह अभिषेक महान् है।
भोरमदेव, सरगुजा, शिवरी, रतनपुर, मल्हार यहीं।
कालीदास का आम्रकूट है, अमर काव्य श्रृंगार यहीं।
धरती, गगन, सघन वन गूँजे, जीवन का नवगान है।
शस्य श्यामला धरती है, खेतों में हरियाली है॥
नये भगीरथ कोरबा जैसी, लोक शक्ति की लाली हैं॥
जाग उठे हैं गांव हमारे, जागे सभी किसान हैं।
ज्ञान सभ्यता से आलोकित, विद्वत्जन सम्मान यहाँ।
माधव, लोचन, मुकुटधर पाण्डेय, बख्शी जी अरूभानु यहाँ।
राव, विप्र, रविशंकर, छेदी, कुंवर वीर का गान हैं॥
मानव मूल्यों का सृजन करें हम, समता, ममता, शांति भरे,
हर्षित, पुलकित हो भारत माँ, सुख–समृद्धि सर्वत्र झरे,
विद्या–मंदिर के प्रांगण से, नव–युग का अभियान है॥
गुरू कृपा के पुण्य परस से, . . . . . .

# From the Desk of Vice-Chancellor

**Guru Ghasidas Vishwavidyalaya**
**Bilaspur (C.G.) 495009, India**
**Phone:07752-260283**

**Prof. Alok Kumar Chakrawal**
**Vice Chancellor, GGV**

*I welcome all the young aspirants from different parts of the country who are showing their interest to become a student of Guru Ghasidas Vishwavidyalaya (A Central University).*

*The university is situated in the educational hub of Bilaspur—Law Capital (Nyayadhani) of Chhattisgarh having proper connectivity to the Railway Station, Bus Stand and Airports. Guru Ghasidas Vishwavidyalaya has lush green campus with beautiful ponds and natural landscapes which provides pollution free atmosphere to the students, hostellers and residents.*

*The university has fully equipped smart classrooms, ICT based laboratories, Media Lab, MOOCs Lab and Language Lab, Central Library, Central Placement Cell, Boys and Girls Hostel, Cafeteria, Bank Facility, Bus services, Sports Complex and playground, Health Centre with Ambulance facility, highly efficient research equipment, workshop, separate teaching departments and buildings for students which enable the university to provide vast knowledge and hand in experiences to the students.*

*The University is dedicated and engaged to provide quality education and innovative skills under Choice Based Credit System (CBCS) with 32 teaching departments and 11 School of Studies, in many disciplines like Arts, Science, Social Science, Engineering and Technology, Pharmacy, Commerce and Managements, etc. The university has highly qualified faculty members who are excelling in research at national and international level.*

*I am pleased to inform the aspirants that the students of this university are performing well in various national and state level prestigious examinations like State Public Service Commissions, UGC- NET/JRF, GATE, GPAT, Moot Court etc. and have bagged good jobs in private sector companies and government sector organizations and many have opted for higher studies in globally reputed institutions.*

*The university takes all efforts to provide a gender sensitive, ragging free and conducive environment to the students. We also ensure facilities to encourage students in extracurricular activities by infusing ethical and moral values in youth and boosting their leadership qualities. Through schemes like Unnat Bharat Abhiyaan, NCC, NSS, and Ek Bharat Shrestha Bharat, students are oriented towards social and national values too. We have creative teams such as Udaan, Urchins, Abhinartan, Abhinaya, Tarang, etc.present in the university which provide the students with the opportunity to showcase their talents in different forms, thus, providing the students with a chance of an all-round development. Equal opportunity Cell of the university assists students in preparing for various competitive exams and Psychological Council Cell provides timely help to students to cope up with stress.*

*Though, the Pandemic COVID-19 had affected the region nearby the University and campus life few months back but the University is continuously functioning in proper manner, working with all wings, sections and providing education and necessary trainings to the students through Online mode.*

*We at Guru Ghasidas Vishwavidyalaya strongly believe that the progress of the student is possible only with smart work, interdisciplinary approach; all-round development, good infrastructure and dedicated faculties and therefore we are providing all such facilities to the students of the university as much as possible.*

*I wish best of luck to all young and dynamic aspirants for becoming a proud student of Guru Ghasidas Vishwavidyalaya, Bilaspur.*

.....

# ABOUT THE UNIVERSITY

Guru Ghasidas Vishwavidyalaya (GGV), a Central University established by the Central Universities Act 2009 of the Parliament, was originally established as State University by an Act of State Legislative Assembly of the then undivided Madhya Pradesh on 16th June 1983. GGV is an active member of the Association of Indian Universities and Association of Commonwealth University. The National Assessment and Accreditation Council (NAAC) has accredited the University as B.

Situated in a socially and economically challenged area, the University is appropriately named to honour the great Satnami Saint Guru Ghasidas (born in 17th century), who championed the cause of the downtrodden and waged a relentless struggle against all forms of social evils and injustice prevailing in the society.

The University is a semi-residential institution. The University covers almost the total spectrum of higher education in 32 numbers of university teaching departments offering various courses in the areas of Arts, Commerce, Education, Engineering and Technology, Humanities, Life Sciences, Management, Pharmacy, Sciences and Social Sciences. The lush green sprawling campus of the University spread over an area of aprox. 655 acres is located 05 KM away from the main Bilaspur City, in Koni village. River Arpa, the lifeline of Bilaspur, runs parallel to the University campus. Bilaspur is a fast Industrializing City, already having a large number of industrial units coming up in the region. The area is the nerve center of trade in iron and steel, coal, aluminium, textiles, foodgrains, 'Kosa' silk, cement, paper, furniture and jewellery and is internationally known for its rice production.

The University aims at disseminating and advancing knowledge by providing instructional and research facilities in various branches of learning. It promotes innovation in teaching learning process, interdisciplinary studies & research, establish linkages with the industries for the promotion of science & technology, educate and train man-power for the development of the country and is committed to the improvement of the social and economic conditions & welfare of the people by improving their intellectual, academic & cultural development.

The city Bilaspur is well connected with all parts of the country by road and rail. Recently an airport is also started in Bilaspur connected to some of the cities of India. Being a railway zone, Bilaspur facilitates travel by train to and from any part of the country. 120 Kilometers away, at Raipur, the Capital of Chhattisgarh, is another airport near to Bilaspur.

# University Teaching Departments

# If you can rule words, you can rule the world—we show you the way

## Department of English & Foreign Languages

**( Establishment Year : 1990)**

Literary studies help one excel as a human being and in the human world. The Department of English and Foreign Language endeavors to provide the students a firm grounding in English and literary studies in a very congenial atmosphere. A growing number of undergraduate students opt for English as their honours or elective subject every year. Students aspiring to obtain a post graduate degree in Literature in English get introduced to all the important aspects of literatures written in English. We extend ourselves to other departments too, with the teaching of English and Communication skills to students of other departments. Teaching of English for Remedial English classes and for competitive examinations is also undertaken by the Department. So, one can learn, communicate, mingle, and excel—all at this department.

We have a team of dedicated and competent teachers who are quite accessible to students. We not only teach but mentor as well. This means that students can approach us regarding any issue, be it academic or personal. The academic excellence of the faculty members reflects in the continuous publications and participation in national and international conferences and workshops. The students have also been presenting papers at seminars and conferences and have been appreciated. The number of our students clearing UGC NET has been increasing every year. Our achievements over the years include workshops on comics and graphic novels, English and communication skills, on reading and appreciating literature.

# सांस्कृतिक संवाद का राष्ट्रीय स्वर और आत्मनिर्भर व्यक्तित्व का निर्माण

## हिन्दी विभाग

**( Establishment Year : 1987)**

हिंदी आज बाजार की अनिवार्य भाषा है। दूरदर्शन के सैकड़ों चैनल, सिनेमा का समृद्ध बाजार और संचार माध्यम के अनेक रूपों में हिंदी साहित्य और भाषा एक बड़ी और विकसमान संभावना है। हमारा पाठ्यक्रम साहित्य की समृद्ध परम्परा का पुनरान्वेषण करता हुआ वर्तमान के निर्माण हेतु कला, कौशल और रचनात्मकता के अनेक पट खोलता है।

शिक्षा वह क्षेत्र है जहां भी क्षण कुछ नया कर गुजरने की संभावना बनी रहती हैं। संभावना का अर्थ ही है - चुनौती, चुनौतियों को स्वीकार करना ही शोध की राह पर चलना होता है। शोध का तात्पर्य है - समाज के समक्ष समाज के नये पक्ष उद्घाटित करना तथा नए सिरे से चिंतन मनन करते हुए समाज को एक नई दिशा प्रदान करना।

हिन्दी विभाग नई चुनौतियों को स्वीकार करते हुए शोधपरक कार्यो में संलग्न है। विद्यार्थियों में लोक और शिष्ट साहित्य को आधुनिक दृष्टि से परखने की योग्यता विकसित करना, लोक और विश्व ग्राम के दौर में अपना स्थान निर्धारित करते हुए लोक का विश्व से और विश्व का लोक से अंतर संबंध स्थापित करना हमारे अध्ययन का उद्देश्य है, साथ ही हिन्दी विभाग का लक्ष्य ऐसे शोध करना है जिससे समाज को एक निश्चित दिशा प्राप्त हो सके। विभाग छात्रों द्वारा अध्ययन/अध्यापन, समूह चर्चा, विभागीय जांच परीक्षा, स्वमूल्यांकन पद्धति, पारदर्शी मूल्यांकन, सेमीनार आदि पर बल देता है। विभाग में देश के ख्याति प्राप्त चिंतक व्याख्यान हेतु आमंत्रित किये जाते हैं। विभागीय शिक्षक भी राष्ट्रीय सेमीनार सम्मेलनों अध्यक्ष, विशिष्ट वक्ता आदि की आसंदी पर आमंत्रित किये जाते हैं। ज्ञान विषयों का अंतर संबंध, तुलनात्मक अध्ययन छात्रों को साहित्य के रचनात्मक क्षेत्र में ही बल्कि शिक्षण कार्य, स्वयंसेवी संगठनों, प्रेस और रंगमंच से भी जोड़ता है।

# Department of Library and Information Science

**( Establishment Year : 1985)**

We prepare students for their career by using student-centric profession-oriented teaching learning process. The Department of library & Information Science is one of the oldest departments of it's kind in the region, providing knowledge to a broad audience who need it, with a motto to empower them with modern skills and competencies. Up-to-date syllabus, functional library equipped with a broad collection of the relevant scientific literature, and fully equipped laboratory are among our major strengths through which we deliver and disseminate knowledge. We have developed an environment where students are becoming eager to participate in various symposia and congresses and share their views and experiences with fellow members. Through highly motivated faculties and their dedication we aim to serve as a model for our students, inculcating in them an attitude towards spreading the knowledge and giving back to the community.

# None but the economist can shape the future of the world

## Department of Economics

**( Establishment Year : 1989)**

The Department of Economics, a pioneering institute of Guru Ghasidas Vishwavidyalaya was established in 1989 with a key focus on capacity building. The Department has a long tradition of imparting quality education and conducting in-depth research with a special focus on economic issues and planning. The department has envisioned producing the best economist through exploring the economic study & analysis for policy framing and implementation challenges faced by the Indian and global economy to make a better society and better world. We have dedicated faculty members who are highly efficient and specialized in research, academics and administrative work.

The world economy has faced a relentless crisis in the near past; the subprime crisis of 2008, the Euro crisis and the COVID19 pandemic have deepened the unemployment and poverty severely. If not addressed properly, this may increase existing inequalities and that way break social harmony and increase tension and turbulence. This makes economics a crucial and most important discipline. Career opportunities for the students who have specialisation in economics are; Indian Economic Services, various State and National level Planning Commission, Banking sector, Academics, PSUs and Research etc. It also encourages students to hold opportunities in various other disciplines.

Department conducts seminars, webinars, conferences and workshops. The students also do internships. Every year Students qualify for the UGC-NET and JRF and obtain different Fellowships. Many of our alumni hold prominent positions in academics, research and administrative spheres across the country.
The department is continuously achieving new heights; students and alumni are touching the sky of great success.

# Department of History

**( Establishment Year : 1996)**

To make history one must know the history. The Department of history has been actively involved in the teaching – learning process for the fulfilment of the search of the past. To enhance the academic interest in the field of history the department of history organizes lectures, seminars, symposia and other such academic programmes. By these programmes various noted scholars, eminent historians and great personalities are invited for the interaction with the students. The department offers choice based credit system in UG & PG courses. The department offers specializations in Ancient, Medieval and Modern Indian History.
The department has been actively involved in research and development. On the issues of present historical importance various scholars are being guided by the specialist faculty members. For the research work the scholars have been able to avail different fellowships from UGC, ICHR, ICPR, ICSSR etc. as well as other funding agencies of central and state government agencies.

The students of the department are prepared and polished for the better future in the field of heritage management, tourism industry, museum curator, teaching and education, social services, civil services, public and private sectors. Apart from these they are made smart enough to choose their career in film and media, journalism, law and human rights, finance government organizations and international corporations. The alumni of the department have been associated with many prestigious institutes and key positions. They have been academicians, administrative officers, civil servants, social workers, entrepreneurs etc.

# Learn to Change The World... Join us

## Department of Political Science

**( Establishment Year : 1987)**

The Department of Political Science was established in 1987 and is now the combined strength of students in UG. PG and PhD courses have exceeded 300. The teaching programmes are based on a comprehensive Social Science approach that integrates other streams like Economics, History, Anthropology and several other subjects. With the implementation of the new National Education Policy, a plethora of options are given to students to choose elective papers from different streams of their choice. The courses we offer are tailor-made to cater to heterogeneous student choices. The Department has also started ability enhancement courses from the first year, a much-needed step to enhance the employment opportunities for the students. With the help of leading-edge teaching aids and integration of 21st Century technologies into teaching-learning processes, like smart classrooms, we promote interactive two-way learning and blended mode of learning.

Our aim is to detour from the conventional stations of Eurocentric thoughts and inculcate a far-reaching comparative approach keeping in mind the Indian reality in focus. Thus, we offer extensive research in untapped dimensions of Comparative Politics, Indian Government and Politics, and special focus is also given to multidisciplinary courses like Gender Studies and Human Rights studies. Our department has successfully collaborated with established national and international organizations that include, the Centre for Studies of Developing Societies, New Delhi; University Grants Commission, New Delhi, Kings College London University and Centre for Studies of Developing Societies.

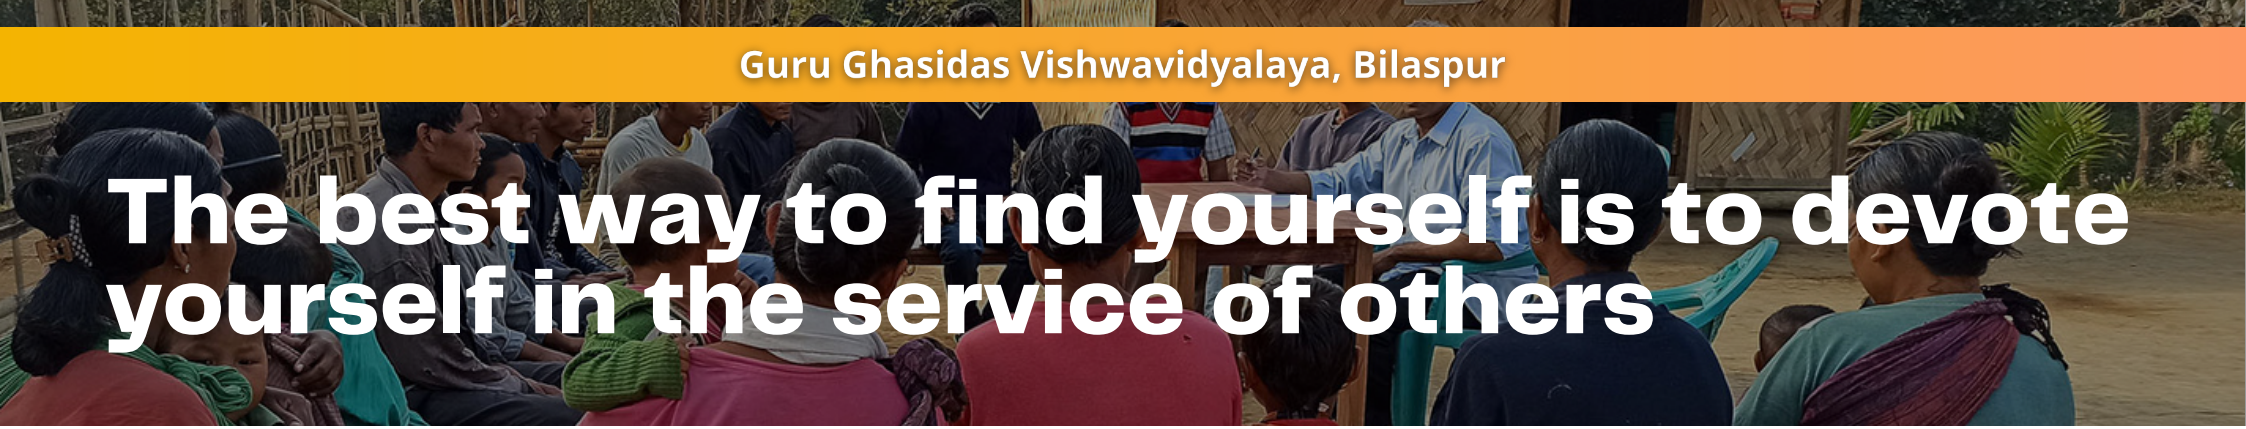

To provide ample opportunities for the holistic development of the students, the Political Science Department offers a variety of extra co-curricular activities. Defying the boundaries of rote learning we diverge in an empiricist approach, which beliefs in learning from doing. We have organised various programmes like constitution day celebration, women's day celebration, "Paridrashya"- a discussion club and "Mukhtalif"- an interactive session with renowned lyricists and an Election literacy festival.

# Department of Social Work

**( Establishment Year : 1998)**

The Department of Social Work, in pursuit of the vision and mission of the university, offers academic programs to equip students with proficiency in interdisciplinary knowledge systems of social, economic, behavioral, environmental, law, human rights, gender, political and technology in order to promote social development. The Department is committed to craft enabling environment for the students to undertake initiatives to empower and develop strengths and resilience in the individuals, families, groups, organizations and communities.

Further, the evidence-based, action and intervention oriented practices are established through - teaching-learning process, field-based learning and internships that guide the students to act as social change agents and social justice. The comprehensive understanding of macro system knowledge framework, along with the understanding of contextual and ground-realities, the integration of which enable the students to effectively initiate change and development at the micro level. The unique features of the Department are participatory and sustainable development practices, capacity building trainings for students, macro-micro research initiatives, departmental integrity, transfer of technology, social innovation and social entrepreneurship, which are rightly integrated to generate a cadre of competent social workers.

The curriculum of BSW, MSW and PhD courses bring strong and effective integration in teaching, training, learning, practice, research, publication and dissemination components of social work education. The Department offers specializations so as to craft specialists and professional leaders in the fields of each specialization.

# A partnership in discovery

## Department of Education

**( Establishment Year : 2007)**

The Department of Education started academic journey in 2007 and has grown up as a reputed academic department in all aspects of teacher education. The department of education understand that Teacher may be defined from various views, Philosophically define as a Guru on the basis of Knowledge, Value and Ideals of life, Historically we found teacher as Rishi, Sant, Acharya,Upadhyay,Lama, Maulvi, Father etc, Socially we look teacher as developer of society and creator of civic sense, Psychologically teacher works as personality developer, counsellor and Scientifically we accept teacher as a facilitator. In addition to this whole understanding of teachers the Department of education keeps dynamic sense about teachers and accepts that teacher as Human Engineer, Social Doctor and Educational Technician in present context.

The department possesses internationally and nationally academically acclaimed 18 experienced Teacher Educators who work as a team to promote among the students with a high standard of knowledge, professional skills, cultural understanding, social responsibilities and synergistic progress within a truly multicultural educational environment. A significant number of our students have been placed in various schools/colleges/universities as teacher and many students qualify the competitive examinations like, JRF, NET,SLET,CTET and State specific TETs in every session.

# Honour commerce as the engine of change

## Department of Commerce

**( Establishment year : 1986 )**

The Department of Commerce, established in the year 1986, is one of the oldest Departments of the University. It has grown up as a big academic department in all spheres. The Department has 15 highly qualified and experienced faculty members with specialization in core areas like Finance, Marketing ,Taxation, Accounting, etc who work as a team. Publications in high quality journals, sponsored research projects, and patents are noteworthy mention of our faculty expertise. The Department is one of the most vibrant department of the university that caters to the diverse group of student community. The Department aims to give its students the best industry exposure and a nurturing classroom environment, to help them become the leaders of tomorrow, in the specialization of their choice. The department supports in developing professional skills and acquiring employment opportunities to its students. The Department motivates its student community by inculcating social responsibility and developing cultural understanding in them. The Department has signed MoU with ICSI for academic collaboration to provide a strong academic platform for the students.

# Management is doing things right.

## Department of Management Studies

**( Establishment Year : 1988)**

- Updated curriculum with inputs from industry experts and academics. Indulges in a range of courses that take advantage of new teaching methods and reinforcements of basic skills and concepts.
- HR, Marketing and Finance. No matter which specialization you choose, you can expect a lot of learning beyond the classrooms as well. You learn work, group assignments, deadlines, networking and so much.
- Industrial visits and guest lectures by industry experts for practical knowledge.
- Regular interaction with experts through webinars, seminars and workshops for updating the students with the latest development in the industry.
- Summer internships and major project work for practical exposure and application-oriented learning.
- MoUs with industry and various professional bodies for practical exposure, learning experience, developing soft skills, internships and placements.
- Diverse curriculum activities are organized throughout the year by GGUIMC for providing a platform for showcasing the talent, creativity and all-around development of the students in academic, cultural, sports and physical activities.
- To develop sense for cleanliness and healthy environment and to promote team spirit , environmental awareness and a liking for physical activities students are encouraged to participate in campus development activities

# Anthropology is the bio-social study of man over time and space

## Department of Anthropology and Tribal Development

**( Establishment year : 1989 )**

The Department of Anthropology and Tribal Development established in the year 1989, bears a great significance in view of the tribal populations living in the State of Chhattisgarh with diverse cultures. Anthropology as the "Science of the Men" has a strong commitment for the welfare and all round integrated development of the weaker sections of the State.

The department aims to generate qualified, skillful and committed anthropologists to play a catalytic role as social advisers to policy makers in matters relating to various issues on tribal development. The department also study and suggests remedial measures with respect to eradication of hunger, malnutrition and tribal development.

The Department provides both UG (Hons) and PG programs in anthropology. The department has incorporated subjects like Forensic Anthropology & Criminology, Research Methodology, Human Biology & Molecular Genetics, Medical Anthropology, Ecological Anthropology, Visual Anthropology, Applied and Development Anthropology, Human Genetics, Bio-social Problems of Indian Populations. At Masters level the department provides Specialization/Elective Courses. The specializations include Social Anthropology & Tribal Development and Biological Anthropology & Human Genetics

**Dr. Nilakantha Panigrahi, HoD**

# Bridging Innovations

## Department of Biotechnology

**( Establishment Year : 1996)**

**UNIQUE FEATURES**

- Mentor-Mentee Support
- Innovative Club & Inspire Camp
- Research Institute and Industrial Visit
- Research Internships & Training
- National/ International Exposure via workshop/ conference/ seminar meet
- Participation in National Science Championships like Wet Lab etc.
- Upscaling Soft skills along with scientific aptitude
- National/ International Networking Opportunities
- Co-curricular activities
- Inculcating Teaching Skills
- Research Writing
- Instilling Entrepreneurial abilities
- Fellowship & Grants: DST-Inspire, DBT etc.
- Alumni Meet
- Remedial/Entry Level Services Preparation: CSIR-UGC NET, GATE, DBT-BET etc.

**FACILITIES**

- Department Library& Reading Room
- Sophisticated Instrumentation Facility
- E-Classroom
- Research Support
- E-Newsletters & Journals
- Well-developed Laboratories
  - Microbial technology
  - Animal Cell culture
  - Plant Tissue Culture
- Computational Facilities & Bioinformatics Lab
- Interdisciplinary Lecture Sessions
- Internet Facility
- Innovative Club
- Industrial Field Visits

**For more details:** https://ggu.ac.in/Department-Details.aspx?Id=Mzc=

**Dr. Renu Bhatt,HoD**
**Email - Bhatt1996@yahoo.com**

| B.Sc.(Honors) | 75 |
| M.Sc. in Biotechnology | 50 |
| M.Sc. in Microbiology(self-financing) | 40 |
| PhD | Will be declared separately |

# Proficiency and Integrity

## Department of Forensic Science

**( Establishment Year : 2012)**

The random and inexplicable nature of today's crime requires a new approach to deal with it and provide factual assistance to the criminal justice system. A proper approach towards crime detection and its prevention can be offered by the study of different aspects of Forensic Science. It is a multidisciplinary field which not only uses scientific methods but also involves study of current crime trends, technology related crimes, human psychology and thorough study of law. The main objective of the department is to create more skilled and capable students to deal with the actual crime scenarios and to develop high level reasoning skills in order to put different elements of crime together and provide a conclusive opinion in criminal justice system.

Different courses provided by the Forensic Science department will generate trained experts in various agencies related to crime detection such as Police investigation, State and Central Forensic Laboratories, mass communication and journalism, various private laboratories and detective agencies. The curriculum provides the educational standards that meet global standards in the field of Forensic Science.

Our program has been designed to facilitate students aspiring to specialize in forensic biology, serology, forensic medicine & toxicology, anthropology, cyber forensics, biometrics & fingerprints and questioned documents. The department of Forensic Science also hosts various seminars, workshops, conferences and symposiums annually dealing with advancements in the current scenario. We also collaborate with State and Regional FSLs of Chhattisgarh and other associative laboratories and hospitals to provide students hands-on experience, learning and in-depth understanding of new techniques.

# Plant Diversity for Sustainable Future

## Department of Botany

**( Establishment year : 2009 )**

The Department of Botany has come into existence in 2009. The vision of the Department is to impart quality education to undergraduate, post-graduate students and for promoting research in the area of Botany. Department is also going to start certificate courses in broad areas like skill enhancement which will lead to capacity building in the young brains. The Department has grown into a well-recognized Centre for higher learning and research in Plant Sciences. It has the expertise to attend all the aspects of teaching and research on plants. The Department has five broad specialization, viz., Functional Plant Biology, Ecology & Environmental Biology, Natural Resource Utilization, Ethnobotany & Pharmacognosy, Microbiology and Microbial Technology and Plant Systematics. The Department has a well-stocked library with more than 3000 books and over 150 online scientific journals, which caters to the research needs of the faculty and the students. The aim of the department is to provide quality education to the educationally under privileged tribal children of the Chhattisgarh state, which has been successfully fulfilled by the Department.

The Department has over 300 quality research publications since the inception. The faculty members have specializations in different disciplines such as Microbiology and Microbial Technology, Stress physiology; Plant Biotechnology; Ecology and Environmental Biology, Plant diversity and Conservation, Ethnobotany; Plant systematics etc. The research activities of the department are spread over different laboratories; each faculty supervising variable number of research students for Ph. D. degree. Twelve students from our department were selected as Assistant Professor in Botany from Chhattisgarh Public Service Commission, Raipur (C.G.)

# Department of Zoology

**( Establishment year : 2009 )**

The aim of Department of zoology is to promote the academic and research activities as well as improve our understanding about living organisms, including their evolution, and their environments. By studying animals we develop a better understanding of how we, ourselves, function and interact with the world around us. The search for answers to our questions puts us in the incredible position of being able to affect change, empower better choices, and develop solutions for a stronger, healthier world.

At present the department has highly qualified, experienced and dedicated faculty members who are actively engaged in their respective field of research specializations. The thrust area of research includes Reproductive Physiology and Endocrinology, Neuroscience, Toxicology, Fish and Fisheries, Biochemistry and Molecular Biology, Entomology and Environmental Science. The department laboratory contains majority of the essential instruments that required for imparting practical knowledge to the students. Departmental Instrumentation room is equipped with all the necessary sophisticated instruments for conducting basic and applied research work.

In addition the Department has a state of the art Computer Laboratory for the utilization of e-resources. The departmental library contains collections of a total 2000 books covering all major disciplines of Zoology. Books and journals especially in the thrust areas have been purchased and catalogued separately for use by the faculty and students. Apart from this, students and faculty members are using the resources available at the central library on the university campus. In addition, the museum of the department is harboring very rich collection of specimens belonging to all the major phyla and is used for teaching and demonstration purposes.

# To Become a creator rather than a follower – Join Us

## Department of Computer Science & Information Technology

**( Establishment Year : 1990)**

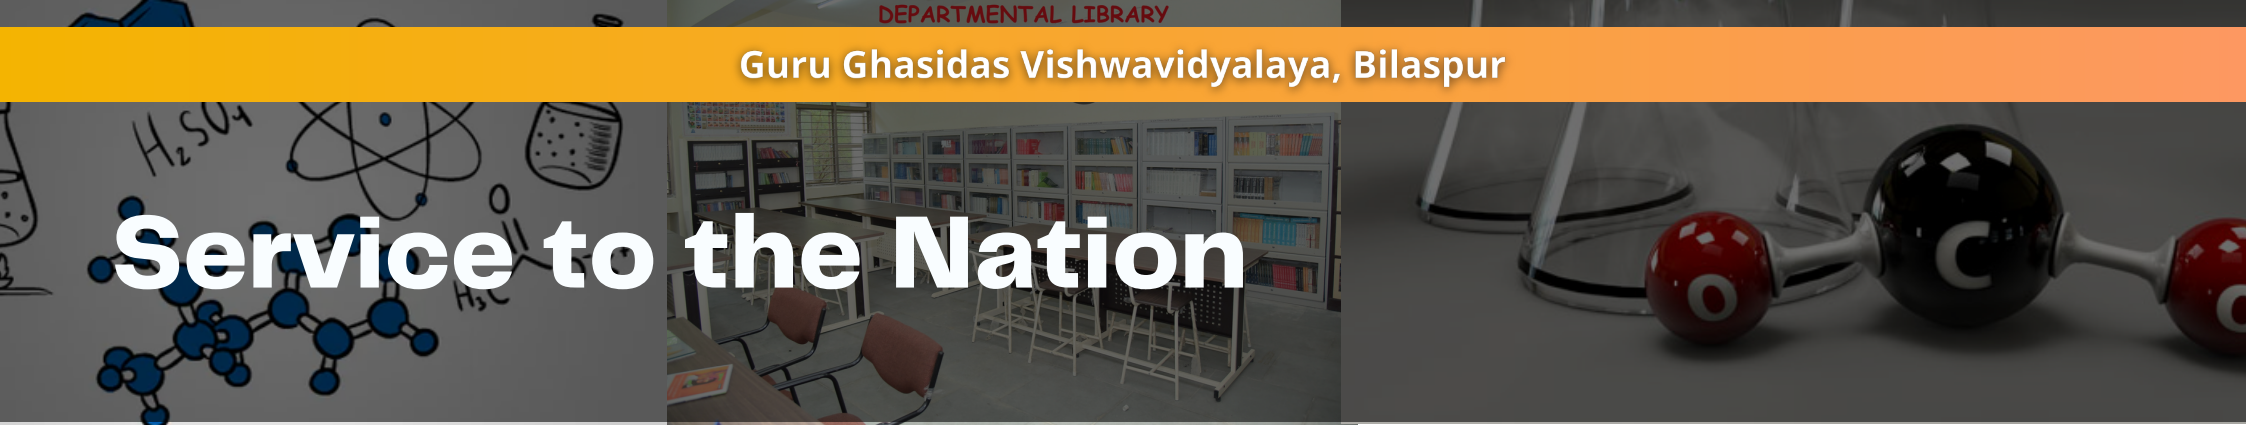

The department of CSIT is one of the premier department of the G G University, Bilaspur. It is also one of the founder department which was established in 1990. The salient features of the department for students are its track of placement. The students passing out from the department have been placed abroad and within-country in senior positions in software industries. A good number of students have also joined the education sector in India and abroad. The department has lush green surroundings in its existing building and very soon it is going to be shifted into a new building. The department has a good number of faculty members who are committed towards the interest of students and are available to them all the time with academic and mentor support. The students are offered internationally accepted courses and syllabi in theory and practical. Each student is encouraged to learn and develop real-time minor and major projects. In their final semesters, every student has an option to choose industry or research projects which really enables them to streamline their future prospects. The department arranges cultural events and encourages the participation of students in various academic, cultural, and sports activities at the university/ State/ National level for their overall personality development.

# Department of Chemistry

**( Establishment Year : 2009)**

Chemistry is referred to as the central science that systematically studies the composition, properties, and reactivity of matters present in the universe. The scope of chemistry is very broad. The key areas of study of chemistry comprise Organic chemistry, Inorganic Chemistry, Physical Chemistry, Analytical Chemistry and Material Chemistry.The faculty members of the department have significantly contributed to the scientific world through scientific and research publications and have received many distinguished national and international awards and fellowships such as JSPS Postdoctoral Fellowships, ORISE, USA Postdoctoral fellowship, NSC, Taiwan postdoctoral fellowship, BK21 and KOSEF postdoctoral fellowship, South Korea, DST –Inspire faculty fellowship, National Postdoctoral fellowship, DS Kothari Postdoctoral fellowship etc. Department has got several research projects from funding agencies DST, UGC, CSIR, CGCOST etc. Department has produced good number of publications in reputed national and international journals. Faculty members of the department are on the editorial boards of some journals and are referees for both national and international journals. Recognizing the research outcome, the Department has received special financial assistance under DST-FIST phase I. This has helped the Department in establishing a number of modern, sophisticated instruments. Department has also organized several National as well as International Seminar/Symposium on various areas of Chemical Sciences. We are proud that our collective enthusiasm is continuously generating a good number of bright students.

# Developing Green Profession

## Department of Forestry, Wildlife & Environmental Sciences

**( Establishment Year : 1989)**

- Equipping students to succeed for multiple roles in the forest industry, natural resource managers, conservationists, academicians and researchers...
- Sensitize youths for green good deeds towards prevailing environmental issues and find meaningful solutions to protect natural resources and the earth against global warming and climate change.
- Promote creativity among students for greenery and nature building processes through professional and practical learning.
- We create a collaborative learning environment on the green university campus to improve students' ability and expertise in the field of forestry from both biophysical and socioeconomic perspectives.
- Nurture green consciousness through nature trails, bird watching and wildlife photography.
- We offer a viable course with virtuous employability by developing nature professionalism through the lab to land practices. Promote entrepreneurial skills in young minds toward different aspects of nature and nature conservation.
- Helping students manage and protect the planet's natural resources for the future generation.

# Visualization is the Solution of Mathematics

## Department of Mathematics

**( Establishment Year : 1989)**

A universal language subject which is the most pioneer discipline in today's world. It is a powerful tool for understanding the world around us and our perspective of the important issues facing us as individuals, families, businesses, and nations. One who opt mathematics come out with Skills, Capabilities, Data analysis, Organizational Management, Critical Thinking, Time Management, Communication, Decision Making, etc. For Carrier point of view, it has great scope and non-parallel to any discipline

# Exploring physical laws from atom to sky

## Department of Pure & Applied Physics

**( Establishment Year : 1994)**

Department of Pure & Applied Physics is a premier Basic Science Department in this University and has a short by remarkable history of achievements in about 19 years since its inception. This has been largely through our active contacts and collaboration with other Universities and scientific institutions in India, and abroad. In the last few years, our scientific interaction has also percolated down to schools and up to national and international research laboratories. This has become possible due to our all-around academic activities and programmes. Department has completed the first phase of the FIST program of the Department of Science & Technology, Govt. of India.

One of the distinguishing features of the Department is that it has all the time remaining, since its inception, as a leading centre of research in the field of Condensed matter Physics and material science. Numbers of projects have been sanctioned to the Department by major funding agencies in India, such as UGC, CSIR, DST, DAE-BRNS, ISRO and CCOST etc. Many of the faculty members and researchers of the Department have visited foreign countries. Department has recently taken up an initiative of establishing a 3.0 MV particle accelerator for pursuing Interdisciplinary research and to train human resource in critical technology areas in nuclear physics, accelerator physics and vacuum technology.

# "Rural Technology" to develop "Rural Lives"

## Department of Rural Technology and Social Development

**( Establishment Year : 2001)**

Join us:

- To be a part of the solution for problems associated with rural areas.
- To understand the technological aspects of rural development.
- To understand the traditional knowledge system from rural practitioners.
- To become an entrepreneur exploring a broad scope in the rural sectors like agriculture, Fishery, Dairy, Poultry, Rural Tourism and many more.
- To seek opportunities for employability in the rural sector as above.
- To help policymakers by doing research and extension activities on various aspects of rural problems, rural health, traditional practices and rural developments.
- To nurture your brain with innovative ideas and for self-satisfaction by developing innovative products to help rural lives.
- To have the experience to work with a highly qualified and expert faculty pool of the department for your own mental progress.

# Commitment to quality education and research in Pharmaceutical Sciences

## Department of Pharmacy

**( Establishment Year : 1997)**

SLT Institute of Pharmaceutical Sciences was established in the year 1997, with an objective to prepare professionally competent manpower in the field of pharmaceutical sciences. The Institute has the mandatory infrastructure and approvals from All India Council for Technical Education (AICTE) and Pharmacy Council of India (PCI) New Delhi. The institute is ranked among the top 50 pharmacy institutions of India as per the NIRF with 42th in 2021. SLT Institute of Pharmaceutical Sciences is committed to best quality education and research in Pharmaceutical Sciences.

Institute fetched funding of over 15 million rupees from National Agencies such as SERB, AICTE, UGC, ICMR, CCOST etc. in the form of Research Projects. The Institute is enriched with more than 25 faculties, all having Ph.D. degree. The faculty is highly qualified with expertise in their respective areas. Interaction, collaboration and MOU with other National & International Universities & Institutions further makes students and faculty members update their knowledge. The faculties of the institute are actively involved in research activities. The faculty members have been invited to deliver invited talks in various conferences. Faculty members have published more than 200 International, 130 National papers in various peer reviewed scientific journals, and published 15 books and over hundred book chapters. 05 patents have been granted to the Institute till date and many patent applications have been filed. The Institute of Pharmaceutical Sciences is involved in the R & D in various thrust areas such as synthesis and designing of novel drug molecules, chronotropic drug delivery, gastro-retentive drug delivery, colon targeted drug delivery, herbal technology, psychopharmacological evaluation, vaccine delivery and new drug discovery through ethnomedical leads. Faculty members and students of the Institute of Pharmaceutical Sciences have received many national and international awards also.

# Bond and Cross the Activation Barrier

## Department of Chemical Engineering

**( Establishment year : 1997 )**

The role of a chemical engineer starts with the crack of the dawn and continues. Right from your toothpaste, to your food, fuels and transportation, clothes to cosmetics, clean air and water, health recovery, everything comes under the domain of Chemical Engineering. The department offers a very conducive atmosphere for the holistic grooming of students willing to architect their careers in these fields. We cordially welcome you to be a part of us and integrate into the chemical engineering fraternity.

Career opportunities in chemical engineering include working with organizations like SAIL, UOP, Praxair, ONGC, HPCL, IOCL, BPCL, Reliance, Shell, ESSAR, DuPont, IFFCO, Sahara, BARC, ISRO, etc. Additionally, one can opt for higher studies or a career in research. The alumni of our department are also part of these companies.

# Department of Civil Engineering

**( Establishment year : 2008 )**

Civil Engineering is a highly diversified professional engineering discipline. Demand for civil engineers is rising world-wide due to extensive implementation of various constructional and infrastructural projects. It is a professional engineering discipline which addresses to all the aspects of the infrastructure facilities necessary for the modern living. The branch often referred as an evergreen branch as it offers a wide range of career option. The main scope includes planning, designing, estimating, supervising construction, execution, and maintenance of various structures like buildings, roads, bridges, Runways, Dock Yards, Harbours, Railways, Subways, Tunnels, Water carriages, dams, irrigation structures, etc. Civil Engineering pupil can have a superb blend of skill, leadership and, innovation making them employable. If one is fascinated by modern construction marvels around the world, this branch is appropriate to dream and study. With an ever-increasing need to meet the demands of the growing population in our country, the construction industry needs creative engineers to bring a new wave of sustainable thinking into the industry to build a greener future. There are many infrastructure projects on the horizon in India which will create an array of opportunities for innovative civil engineers with a penchant for sustainable development. Civil Engineers has opportunities to excel like Indian Engineering Services, Indian Military Services, CPWD, PWD, RES, PHE, Electricity boards, Railways, Irrigation, Forest services, BSNL, ONGC, IOCL, HPCL, NHPC, NTPC, SECL, boards, corporations, PSU's (Central & State) etc. The civil engineering graduates are eligible to be employed in private sectors apart from being consultant and entrepreneur.

# Building the future with innovative ideas

## Department of Computer Science and Engineering

**( Establishment year : 1997 )**

The department offers academic programs leading to B.Tech, M.Tech, and PhD degrees in Computer Science and Engineering. While in the program, students will grow as a leader in the computer engineering fields by developing cutting-edge technical skills and receiving hands-on experience. Following are the highlights of the Department:

- Our graduate goes on to have successful careers in multinational companies, private firms and government agencies. Not limited to placements, they also pursue further studies in Institutes of National Importance.
- Students here are exposed to technical skills and have already been a part of the Google Students developers Club (GSDC) and CodeChef Club.
- The CSE department faculties are actively involved in research in various fields of Computer Science.
- The department has well-equipped laboratories including Networking Lab, Computer Programming Lab, DBMS Lab, DLD Lab etc. and well-furnished Classrooms and Smart room.
- Extra-curriculum activities keep our students motivated and enthusiastic and contribute to their overall personality development.
- The department also has a GPU workstation where students can involve themselves in engaging in recent areas of research such as deep learning, parallel programming, etc.
- Department provides opportunities to the students to carry out projects under the joint supervision of the faculty and the experts from industries.
- Department of CSE provides opportunities to secure internships with various Multinational Companies and government-funded agencies across the nation.

# Industrial & Production Engineering = Manufacturing Technology + Industrial Engineering +Management Science

## Department of Industrial and Production Engineering

**( Establishment Year : 1997)**

Industrial and Production Engineering is evolving as a specialist discipline of Mechanical Engineering with the goal of enabling engineers to improve the efficiency and effectiveness of both manufacturing and service industries. A significant emphasis is placed on the design of Man-Machine symbiosis systems that allow for the most efficient use of scarce resources. It is concerned with the design of a Man-Machine System that strives to optimise the increasingly constrained resources. IPE department was founded in 1997, with specialized faculty in the area of Industrial and Production Engineering to run the B.Tech Program (Industrial and Production Engineering). The department of Industrial and Production Engineering, is today one of largest department of the University.

The department is equipped with learned faculty and modern facilities. The department has a well-equipped central workshop that imparts basic training in various manufacturing processes. The department is also equipped with modern laboratories of CAD/CAE, FMS, Industrial Inspection, Industrial Engineering, Quantitative Techniques and Metal Cutting and Machine Tools. Faculty members have published more than 50 papers in the last three years, and have authored number of books, which are popular in many engineering curricula across the country.

# Department of Electronics and Communication Engineering

**( Establishment year : 1998 )**

Join us:

- To play an important role in futuristic technologies both in Indian and global markets e.g. 6G, CNT based 1D electronics, autonomous driving, Industry 4.0 and Artificial Intelligence.
- Well equipped Laboratories with Well qualified faculties for teaching learning process,
- Diversified specialization in the field of Electronics & Communication Engineering,
- The branch of Electronics & Communication Engineering is very special as it incorporates all top inventions in the field of Mobile phone, Computer, Satellite, Internet, 5G/6G, IoT, Machine Learning, AI, Medical Instruments to name a few.
- The Institute placement Cell as well as Central Placement Cell confirms the Job opportunities to UG/PG students. In 2021-22, seventeen (17) students of the department are placed with average package of 5 lacs upto Feb 2022. Many other students are pursuing higher studies in reputed institution in India and abroad.
- Department used to conduct seminar series/guest lectures/FDPs in regular basis.

# Information Technology: Bringing your ideas and innovations to life

## Department of Information Technology

**( Establishment year : 2000 )**

The curriculum has been designed to motivate graduate students for self-study, train them to independent work, and create a contusive environment for innovation. It is aimed at translating theoretical knowledge into practical applications. Since its inception, the focus of the Department has been to provide advanced training in core sectors of Information Technology and to foster high-quality interdisciplinary research. B. Tech (IT). Course is designed to provide a strong foundation of basic subjects like software engineering, computer networking, computer architecture and design, operating system, multimedia, computer graphics, and digital communications. Specialized knowledge for analysis and design of information systems, information security, mobile communication, artificial intelligence and expert systems, digital signal processing and web technology is imparted. The Department has well-equipped laboratories. To provide the latest and up-to-date laboratory facilities to the students, the Department has purchased LAN training kits with wired and wireless facilities, Data communication trainers kits, Microprocessor 8086 kits, Visual Studio, MATLAB, Network Simulation and Learning resource software, Network and Internet Security Training System and computers with latest configurations.

The pass out students of the department are working in reputed multinational organizations like Google, Satyam, Wipro, Infosys, Mahindra Info Tech, TCS, IBM etc. Some of our students are performing well in the competitive exams of International/National reputed like GRE, GATE, CAT, MAT etc. students. The PhD programme is also available in the current areas of research in Information Technology.

# Department of Mechanical Engineering

**( Establishment year : 2006 )**

Mechanical engineering is at the forefront of developing new technologies in various areas like marines, aerospace, automobile and many more. While pursuing this degree, you will be able to build upon your knowledge of science and maths gained in school to learn about materials, mechanics of solid, fluid mechanics, thermodynamics, heat transfer, refrigeration and air conditioning, machine design and manufacturing processes etc. B.TECH Projects and Summer Internship in the curriculum allows a student in Practical learning and to apply the technical knowledge to real-life situations and problems.

# Department of Physical Education

**( Establishment Year : 1985)**

The Department of Physical Education was established in the year 1985 to provide quality education in the field of physical education. It is recognized by NCTE and has developed playgrounds and an exercise physiology lab. The department has a dedicated team of competent teachers and instructors to provide sport-specific training and teaching assignment. The students of the department participate in several Inter-University and All India University level sports competitions every year. Department extends the opportunity to all university students to participate in Inter-Faculty Tournament every year. The department has also started an Add-on course on certificate course in Yoga from 2016 to 17. The department organizes health & fitness welfare activities and sports tournaments for teaching and non-teaching staff of the University.

The Department is committed to excellence in sports performance, teaching, research and community service in the fields of Physical Education and Sports by providing Quality Education and Congenial Environment to students and staff. The Department provides specialization in games Badminton, Kabaddi, Volleyball, Basketball, Football, Cricket, and Athletics. The department has accomplished the greatest achievement of students where 90% of students are recruited in Central Govt. Institutions, State govt. institutions, CGPSC, Indian Railways, Defence Services. The foremost aim of the department is to prepare ideal Physical Education teachers, trained in every aspect of life so that they are competent and versatile in dealing with future demands of society.

# A great place to acquire legal knowledge and to advance professional skill

## Department of Law

**( Establishment Year : 2012)**

The Department of Law made its beginning in the year 2012. The vision behind establishing the Department of Law is to create a center of professional learning of international standard in Chhattisgarh State where pursuit of legal knowledge and excellence shall rule without prejudice to nationality, language, cultural plurality and religion. In addition, the vision is also to create a platform for exchange of information and ideas, innovation in teaching, progress in learning and research, and development of skills through co-curricular and extra-curricular activities.

The department is located at UTD Building in lush Green University Campus and is equipped with all the modern facilities such as Smart Class Room, Moot Court Room, etc.
The Campus being fully Wi-Fi enabled, both the students have access to high-speed Internet connectivity while using Laptops, Tablets, or Smartphone. This makes the classes, events and Webinars more attractive, advanced and effective.

The department has its own well-furnished libraries having comprehensive collection of books in law and other disciplines. It maintains a good numbers of law journals and law reports.
The Department of Law has a team of highly dedicated and competent faculty comprising of a unique blend of experienced academicians and young talents drawn from different prestigious National Law Universities and Central Universities of India.

5. **If an applicant is inadvertently allowed to appear at the Entrance Test who otherwise does not meet the minimum course wise eligibility requirements, he/she cannot, at a later date, use that as a right to claim that he/she meets the eligibility requirements.**
6. **Number of seats for B. Ed. Special Education (HI & LD) are tentative. Seats will be filled only after its approval from RCI.**

*** Number of intakes in these self-financing programmes is subject to revision, if the circumstances so warrant.**

# Facilities for the students

## Campus

- The greenest, bio - aesthetic exquisite campus enriched with clean and fresh environment spreads over an area of 655acres.
- Along with the scholarly ambience, the campus also comprises of extra- academic facilities needed for the enhancement of all-round development of the students.

## Library

- Nucleus of Academics our Well-Stocked Library located in main campus caters the needs and exigencies of the students, teachers and Research scholars.
- The cavernous building can accommodate more than 500 people at a time and inventory of 128000 books, 400 back volume of journals, 1500 Ph.D. thesis.
- Internet and Wi-Fi services is also free of cost.
- UGC Info net and INDEST consortia services are also made available.

## Computer Centre

- The University has modernized computer centre with several versions of Linux and Windows operating systems to compliment computer literacy.
- A large number of peripherals such as printers, LCD projectors, scanners and other multimedia devices are handy for users.
- The internet connection is provided to all.
- It also maintains University website www.ggu.ac.in (250 web pages) which provides all the relevant information and notifications regarding the university's happenings.

## Women's Studies Development Centre

- Women's Studies development centre is the first centre of Women's Studies development in the state and was entrenched in 2005.
- The centre concentrates on the raising consciousness and knowledge of gender equality and equity issues through participatory activities

## Training and Placement Cell

- It's backed by School placement cells which aims to act as an association between industry and the university.
- The cell takes care of all the activities to make the students employable and self-reliable.
- Recently, many companies/Industries having International dignity like TCS, Sake Solutions Wipro BPO Satyam Services Private Limited have recruited are bright scholars.

## Proctorial Board

- The university has constituted a Proctorial Board for keeping its campus well disciplined.
- The Board takes prompt action in case of any misconduct if occurs in the campus and recommends appropriate punishment for students found guilty.
- It also takes all the preventive measures against ragging and examines the cases of alleged ragging (if any).
- All the students are required to submit an undertaking to the proctorial board as not to be involved in any type of misconduct at the time of admission.

# Facilities for the Students

## Hostel Facilities

- Four hostels, three for boys and one for girls separately, provide accommodation to 800 approx boys and 430 girls. Two more girls Hostels of capacity 200 will be available very soon for allotment.
- Vishwavidyalaya faculty member as Warden supervises each hostel.
- The university aims to provide a comfortable lodging and boarding services to the students keeping in view a home away from the home.
- Admission in hostels is based on merit as per university rules and the students will be required to apply in the prescribed application form.
- In view of the limited hostel facilities available, the candidates may please note that the grant of admission to a course of a study in the UTD would not automatically entitle one for allotment of hostel accommodation and that the application of the students for Hostel allotment will be considered if seats in the hostel are available.
- Hostel residents are expected to observe the rules and regulations prescribed for them as well as all the requirements of corporate life and the social norms that living together demands.
- Failure to observe discipline or violation of rules may make a student liableto disciplinary actionwhich may resultin the withdrawal of Hostel Facilities.

**Fee / Hostel charges (subject to revision) are as follows (likely to be revised):**

1. **For admission in Girl's Hostel and Swami Vivekanand Boy's Hostel**

- Hostel Fee Rs. 8750.00 (Rs. 6750.00 Yearly + Rs. 2000.00 Refundable Hostel Caution Money) to be deposited in the University General Account
- Mess Fees Rs. 12070.00 (Rs. 8070.00 Mess Charges for three months + Rs. 4000.00 Refundable Caution Money) to be deposited in the Hostel Mess Account.

**2. For Admission in New Hostels**

- Hostel Fee Rs. 12000.00 (Rs. 10000.00 Yearly + Rs. 2000.00 Refundable Hostel Caution Money) to be deposited in the University General Account
- Mess Fees Rs. 12070.00 (Rs. 8070.00 Mess Charges for three months + Rs. 4000.00 Refundable Caution Money) to be deposited in the Hostel Mess Account.

## Jawahar Atithi Griha

- The Vishwavidyalaya Guest House, located amidst lush green surrounding and pollution free environment, has 16 well-furnished and air-conditioned rooms to provide comfortable stay to visitors to the Campus at a reasonable charge.

## Forestry Guest House

- The Forestry Guest House was established with a grant-in-aid received from Indian Council for Forestry Research and Education (ICFRE), Dehradun.
- It has 31 rooms, the guest house is surrounded by different forest tree species.
- The guest house provides temporary accommodation to visiting teachers, research scholars, students and participants of various conferences, seminars and training programmes

## New International Guest House

- The International Guest House is constructed with a grant-in-aid from UGC XI plan.
- It is new building with G+2 floors. It has five VIP suites, 38 rooms, one party hall and Gymnasium.
- It is located at the elevated southern area of campus and surrounded by the lush green area.

# Facilities for the students

## Residential Facility for Employees

- The University extends residential facility to its employees.
- Presently, there are 233 staff quarters for different categories of Teaching/Non-Teaching staff of the University.
- The staff colony is very well connected by roads with well-lit avenues.
- The colony is surrounded by lush green trees and has a pleasant environment.
- A 'Kali' temple built near the quarters provides a space for peaceful meditation and for occasional social celebrations.

## Cafeteria

- New Cafeteria Building with G+1 floor was constructed with grant-in-aid from UGC XI plan.
- It is situated behind university auditorium.
- It has one big cafe-seating hall of 25m x 16m at ground floor.
- The Cafeteria is successfully catering to the daily needs of the university community.
- The Cafeteria remains open on all working days from 8.00 a.m. to 7.00 p.m.

## Health Centre

- Health facilities are available for students and residents of the campus under the able guidance of a Medical Officer and other visiting specialist, as per needs.
- Specialist from CIMS also visit the health center in the campus from time to time for specialized checkup & advice.

## Student Creativity Centre

- University has developed Student Creativity Centre in which various types of facilities including indoor games such as table tennis, Chess etc are available.
- Entertainment facilities and leasure time reading magazines are kept for the personality development of the students during their off time.
- The centre is run and maintained by the constituted student council under the supervision of Dean, Students welfare.

## Tarang- The University Musical Band

- It is the university's musical band which is a student managed group.
- Every year, 09 students is recruited in the group.

## Udaan-The Official Student Magazine

- The Official annual magazine of the university "Udaan" is made and managed by the students.
- It gives a platform to the creative minds of the university as well as contributes to the overall development of its members.
- It helps them to grow skills and enhance their creativity.

## Urchins-University's Theatre and Nukkad Play Group

- "Urchins" is the theatre and nukkad play group of this university, which is well-known in entire Chhattisgarh.
- It presents its programs on state level and is also engaged in the effort to advance the level of theatre.

## Abhitartan- University's Dance Group

- It is a special platform to provide the opportunity to the students having interest in dancing.
- In the six year of its journey the group has proved itself on intra and inter-university level competitions and presentations, full of classical and semiclassical and folk dance specials.

# Facilities for the students

## Auditorium

- The campus has fully developed Auditorium with a seating capacity of about 800 audiences.

## Gymnasium

- Well-equipped and ultra modern gymnasium has been established in the campus for students.

## Sports Centre

- The University has fully furnished Sports Centre to promote athletic expertise of youth.

## Equal Opportunities Cell

- As per UGC during XI plan, University has coaching facilities for SC/ST, minorities, OBC and other weaker section students. Coachings presently running in the campus are:
- NET coaching scheme
- Remedial coachingscheme
- Entry level coaching scheme.

## Post Office and Bank

- Punjab National Bank, Bank of India and Post Office Koni are rendering their services in the campus.
- ATM facilities by PNB is available in the campus.
- A new electronic telephone exchange is also established in the campus

## Psychological Counselling Centre

- As per guidelines of the MHRD, Govt. of India and State Govt. of Chhattisgarh, State Mental Health Hospital, Sendri, Bilaspur under the National Mental Health programme, the university has established the Psychological Counselling Centre on 29th November 2016.

## SC/ST Cell

- As per UGC guidelines, the university possesses a separate SC/ST cell which processes and provides assistance to the SC/ST students.

## National Service Scheme (NSS), National Cadet Corp (NCC)

- The NSS/NCC targets to inculcate the spirit and provide working experience for social services through various team-building activities.

## Grievance Redressal Mechanism

- The University has its own Grievance Redressal Mechanism. The University has constituted many committees which are redressing the grievances received from students and employees.
- To redress grievances related to sexual harassment, the University has constituted Internal Complaint Committee (ICC). Similarly for redressal of grievances related to students, the University has constituted Grievance Redressal Committees also.
- The University Administration has provided Complaint Box in its campus to the students and employees. Students or employees can drop their complaints or feedbacks in these boxes.

# Code of Conduct for Students

The students are admitted to Guru Ghasidas Vishwavidalaya to achieve excellence and shape their character to become responsible citizens. They must realize their responsibility towards the Vishwavidalaya and to its components like faculty, staff and fellow students. Failure to maintain a good standard of conduct shall result in disciplinary action.

**Attendance: 75% attendance is compulsory in each subject**

**Misconduct:**

Any of the following activities (but not limited to these only) will be treated as misconduct.

- Disruption of teaching activities or disturbing the learning process of other students on the campus.
- Any act on the part of the students, which disrupts functioning of the university, endangers health and safety of campus residents and da mages Vishwavidalaya properties.
- Cheating in examination and supplying of false documents / information in order to seek any consideration / favour from the University.
- Possession or consumption of intoxicating beverages on the campus.
- Failure to return back loaned material, settle University dues.
- Possession of weapons.
- Use of unparliamentarily language while in conversation with Vishwavidyalaya Staff and fellow students.

**Disciplinary Actions:**

Failure to adhere to good conduct may result in disciplinary actions like:

- A warning by the authorities.
- Suspension from a particular class.
- Suspension / expulsion from the University.
- Suspension of campus privileges e.g. hostel, accommodation etc.
- Withholding of examination result or withdrawal of awarded diploma / degree certificate.
- Any other disciplinary action deemed appropriate by the University authorities.

## Admission Procedure/General Instructions

| | |
|---|---|
| 1. | Guru Ghasidas Vishwavidyalaya, Bilaspur invites online applications for admission to the various programmes for the academic session 2022-23 through **Common University Entrance Test CUET (UG) 2022 to be conducted by NTA.** |
| 2. | For Foreign Nationals policy of admission is attached separately. |
| 3. | **Guidelines for submission of online application form as notified by NTA are available separately**. It is suggested to the applicants that before submitting online application forms read the instructions carefully. Mere appearance in the CUET 2022 or inclusion of name in the merit list does not entitle a candidate to be considered for admission to a course unless he/she fulfils the prescribed eligibility conditions for that programme. |
| 4. | Age should not be more than **22 years for Under Graduate Programmes** and **25 years for Post Graduate Programme**s, B.P.Ed, B.Lib. & Inf.Sc. and Diploma Programmes as on 1-July-2022. For M.Pharm and M.Lib. & Inf.Sc. Programmes, the upper age limit is 27 years. For M.P.Ed. Programme, the upper age limit is 28 years. There will be no upper age limit for B.Ed. & M.Ed./BA-LLB/B. Com LLB Programmes. |
| 5. | Date of Entrance Test, Test method, Application fee, Entrance Test centre, Admission procedure etc. will be notified by **National Testing Agency (NTA)** from time to time and the same may be uploaded on the University website www.ggu.ac.in. Therefore, it is suggested to all applicants that they have to visit NTA website, CUET 2022 links and www.ggu.ac.in regularly. |
| 6. | Jurisdiction: All disputes related to admission in Guru Ghasidas Vishwavidyalaya particularly will be subject to Bilaspur jurisdiction only. |
