SHARDA UNIVERSITY ALIGNS ITSELF TO NATIONAL EDUCATION POLICY 2020

Dr. Sibaram Khara
Vice-Chancellor, Sharda University

Shri Pradeep Kumar Gupta
Hon'ble Chancellor, Sharda University

Futuristic education policy lays the foundation for a nation's progress. Be it new discoveries, knowledge creation, skillset building, and innovation- the determining factor behind creating future nation builders is good education. In this regard, the National Education Policy (NEP) 2020 is futuristic, augmentative, and ambitious.

Shri PK Gupta, Chancellor, Sharda University is proud of the fact that Sharda is in sync with the vision of the Hon'ble Prime Minister's new education policy where the focus is on building skills and nurturing entrepreneurs who'll drive the change tomorrow. Sharda Launchpad, the StartUp wing of Sharda University has over the last five years been serving as the springboard for students and budding entrepreneurs who are living the dream to make India self-reliant. Sharda Launchpad is approved as business incubator by Ministry of MSME and has collaboration with StartUp Incubation and Innovation Centre, IIT Kanpur for sharing of resources.

In line with NEP, Sharda University offers 130+ UGC recognized future-focused Programme/Plans (including diploma). New age programmes in Stem Cell & Tissue Engineering, Artificial Intelligence & Data Analytics, Robotics among others are offered to make the students future ready. Besides this, Sharda University also offers four year research oriented UG programmes.

Adopting the vision of NEP'20 of transforming India into an equitable & vibrant knowledge society by providing high quality education following changes are in progress & would be incorporated as laid down in para11.9 of NEP'20:-

As mentioned in Para 11.9 of NEP'20 the undergraduate degree programme will be of 3 or 4 years duration, with multiple exit options within this period, with appropriate certifications, e.g., a certificate after completing 1 year, in a discipline or field including vocational and professional areas, or a diploma after 2 years of study, or a Bachelor's degree after a 3-year programme. The 4-year multidisciplinary Bachelor's programme, however, shall be the preferred option since it allows the opportunity to experience the full range of holistic and multidisciplinary education in addition to a focus on the chosen major and minors as per the choices of the student.

We would also consider the Inter University Migration by accepting credits stored at ABC (Academic Bank credit) as & when it would be established as laid down in NEP'20.
