(A) 1598 (B) 1698 (C) 1798 (D) 1898
- (8) What is the number of children born per thousand human population during the year?
(A) Birth rate (B) Fertility (C) Gender ratio (D) Mortality rate
- (9) Which of the following statistics is useful in determining population policy?
(A) Fertility (B) Mortality (C) Birth rate (D) Gender ratio
- (10) What is the number of deaths per thousand human population during the year?
(A) Birth rate (B) Fertility (C) Gender ratio (D) Mortality rate
- (11) What is population growth?
(A) Biological (B) Economic (C) Political (D) Geographical
- (12) What was the population of India in 2011?
(A) One hundred crore (B) One hundred and twenty one crore (C) Fifty crore (D) Thirty five crore
- (13) Which of the following requires population studies?
(A) To increase the birth rate (B) To form a population policy (C) To increase the birth rate (D) None
- (14) What is the composition of the population and its size?
(A) Not static (B) Stable (C) Not changeable (D) None
- (15) What is the rate of census every year?
(A) Two (B) Five (C) Seven (D) Ten
- (16) When is World Population Day celebrated?
(A) 11 July (B) 21 July (C) 17 July (D) 20 July
- (17) Every thousand children born alive die before reaching the age of one year What is the number of children called?
(A) Mortality rate (B) Infant mortality rate (C) Fertility (D) Death rate
- (18) Give the full name of N S S.
(A) National Sample Survey (B) National Society Scheme (C) Nashpath Savings Scheme (D) National Social Scheme
- (19) What is the procedure for registration with every birth and death authority in the country Called?
(A) Census (B) Model Registration System (C) Registration System (D) National Sample Survey
- (20) Whose text is "An Essay on the Principle of Population"?
(A) Thomas Robert Malthus (B) Cole and Hoover (C) Emile Durkheim (D) Karl Marx
- (21) Give the full name of S R S.
(A) Society Research Scheme (B) Sample Registration System (C) Social Research Scheme (D) Social Rural Scheme
- (22) When was the model registration system introduced in India?
(A) 1934 (B) 1944 (C) 1954 (D) 1964
- (23) How many basic assumptions are shown in Malthus's population theory?
(A) One (B) Two (C) Three (D) Four
- (24) The size of the population at any given time in any country is such that the per capita income is maximized What kind of population is it?
(A) Evil (B) More (C) Desirable or Ideal (D) Less
- (25) How many stages of economic development are shown in the theory of population transition?
(A) One (B) Two (C) Three (D) Four
- (26) Who has given the theory of population transition?
(A) Malthus (B) Cole and Hoover (C) Emile Durkheim (D) Karl Marx
- (27) A woman survives the separation of a child from her womb about nine months after conception What is the phenomenon that is born in the state called?
(A) Birth rate (B) Fertility (C) Sex ratio (D) Live birth

- (28) What is the birth rate calculated per population?
 (A) One thousand (B) Ten thousand (C) One lakh (D) Ten lakh
- (29) A woman remains pregnant for 28 weeks but the baby is still alive from her womb. What is that event called when not born?
 (A) Mortality (B) Fertility (C) Fertility (D) Mortality
- (30) What is the effective reproductive age group of a woman?
 (A) 12 to 40 years (B) 15 to 40 years (C) 15 to 44 years (D) 12 to 49 years
- (31) What is the ratio of males to females in a population?
 (A) Birth rate (B) Fertility (C) Sex ratio (D) Live birth
- (32) What is the age of a woman in a couple?
 (A) 12 to 44 years (B) 15 to 44 years (C) 21 to 44 years (D) 17 to 44 years
- (33) What is the concept of dead birth?
 (A) Demographic (B) Economic (C) Political (D) Psychological
- (34) Who is involved in infant mortality?
 (A) Children who die after reaching the age of one year
 (B) Children who die before reaching the age of one year
 (C) Children who die before reaching the age of two
 (D) Children who die after attaining the age of two years
- (35) What was the sex ratio in India in 2011?
 (A) 910 (B) 920 (C) 930 (D) 940
- (36) To whom does the overpopulation belong?
 (A) Low Birth Rate (B) High Birth Rate (C) High Mortality Rate (D) None
- (37) Demonstrating the need to plan and control the ever-growing population wisely. Who is an English scholar?
 (A) Frank Lorimer (B) William Petty (C) John Grant (D) Thomas Robert Malthus
- (38) Which family is called a family of four members including parents and two children?
 (A) Joint family (B) Large family (C) Small family (D) None
