#### Unit-II

- 2.(a) Read the passage carefully and answer the questions that follow :  
Man is the most paradoxical of all animals. On the one hand, he is the most imaginative and creative creature. On the other hand, he is the most dangerous and destructive of all animals. He has destroyed much of his creation. Toxic chemicals are still poisoning the world around us although we know of the dangers. Man's greed has brought the great whales to the verge of extinction. Plants and animals which share the earth with mankind are current products of an endless process of evolution. They were shaped by their environment. All animals are products of their habitat. They are our heritage, the natural part of our environment and we have a simple duty to look after them for the generation that will follow us.

#### Questions :

5
