Thinking about the Poem

1. What does the young man mean by “great honey-coloured/Ramparts at your ear?” Why does he say that young men are “thrown into despair” by them?

Answer

The “great honey-coloured/Ramparts at your ear” refers to the beautiful yellow coloured hair that falls at the woman’s ear and cover it like a wall around a fort. He says that the young men are “thrown into despair” by them because they look so beautiful on the woman that her beauty gets thoroughly enhanced. The young men fall in love with her and feel despair. He says that it is not possible that someone would love her alone and not her yellow hair.

2. What colour is the young woman’s hair? What does she say she can change it to? Why would she want to do so?

Answer

The young woman’s hair is of yellow colour. She says that she could get her hair dyed to brown, black or carrot colour. She would change the colour <https://www.indcareer.com/schools/ncert-solutions-for-class-10-english-first-flight-poem-chapter-11-for-anne-gregory/>

of her hair so that the young men in despair would love her only and not her yellow hair. She wanted them to love her for what she was and not for her appearance such as her hair colour.

About NCERT

The National Council of Educational Research and Training is an autonomous organization of the Government of India which was established in 1961 as a literary, scientific, and charitable Society under the Societies Registration Act. The major objectives of NCERT and its constituent units are to: undertake, promote and coordinate research in areas related to school education; prepare and publish model textbooks, supplementary material, newsletters, journals and develop educational kits, multimedia digital materials, etc. Organise pre-service and in-service training of teachers; develop and disseminate innovative educational techniques and practices; collaborate and network with state educational departments, universities, NGOs and other educational institutions; act as a clearing house for ideas and information in matters related to school education; and act as a nodal agency for achieving the goals of Universalisation of Elementary Education. In addition to research, development, training, extension, publication and dissemination activities, NCERT is an implementation agency for bilateral cultural exchange programmes with other countries in the field of school education. Its headquarters are located at Sri Aurobindo Marg in New Delhi. [Visit the Official NCERT website](#) to learn more.
