Thinking about the Poem

1. There are many ideas about how the world will 'end'. Do you think the world will end some day? Have you ever thought what would happen if the sun got so hot that it 'burst', or grew colder and colder?

Answer

Yes I believe that this world will end some but when nobody knows. Whether the sun gets hot or it gets colder in both situations, the end of this world is sure.

2. For Frost, what do 'fire' and 'ice' stand for? Here are some ideas:

Greed	Avarice	Cruelty	Lust
Conflict	Fury	Intolerance	Rigidity
Insensitivity	Coldness	Indifference	Hatred

Answer

<https://www.indcareer.com/schools/ncert-solutions-for-class-10-english-first-flight-poem-chapter-2-fire-and-ice/>

‘Fire’ stands for greed, avarice, lust, conflict and fury. ‘Ice’ stands for cruelty, intolerance, rigidity, insensitivity, coldness, indifference and hatred.

3. What is the rhyme scheme of the poem? How does it help in bringing out the contrasting ideas in the poem?

Answer

The rhyme scheme of the poem is: a, b, a, a; b. c, b, c, b.

The contrasting ideas of ‘fire’ and ‘ice’ are presented using this rhyme scheme. He mentions that both fire and ice are probable ends of this world. While he talks about how fire represents desire and can therefore be a cause of the end of the world, he also mentions ice in between to symbolise that the coldness and indifference towards one another will also be enough to end the world. In the second stanza, he says that he knows of enough hate in the world to be sure that even destruction through ice would be sufficient to bring about the end of the world.

About NCERT

The National Council of Educational Research and Training is an autonomous organization of the Government of India which was established in 1961 as a literary, scientific, and charitable Society under the Societies Registration Act. The major objectives of NCERT and its constituent units are to: undertake, promote and coordinate research in areas related to school education; prepare and publish model textbooks, supplementary material, newsletters, journals and develop educational kits, multimedia digital materials, etc. Organise pre-service and in-service training of teachers; develop and disseminate innovative educational techniques and practices; collaborate and network with state educational departments, universities, NGOs and other educational institutions; act as a clearing house for ideas and information in matters related to school education; and act as a nodal agency for achieving the goals of Universalisation of Elementary Education. In addition to research, development, training, extension, publication and dissemination activities, NCERT is an implementation agency for bilateral cultural exchange programmes with other countries in the field of school education. Its headquarters are located at Sri Aurobindo Marg in New Delhi. [Visit the Official NCERT website](#) to learn more.
