Ans. My father works in a company to earn money.

NCERT 3rd Environmental Studies Chapter 12, class 3 Environmental Studies Chapter 12 solutions

7.Which of your family members do work but do not get money for it?

Ans. My mother does all the household work but she does not get money for it. My brother brings different items from market but he does not get money for it.

8.Find out from your grandparents what work they did when they were children.

Ans. When my grandmother was a child she used to help her mother in the kitchen. She could cook many dishes and also helped in cleaning jobs. She also used to make cowdung cakes.

When my grandfather was a child he used to help his father in farming activities. He also used to take cattle for grazing. He could chop firewood as well.

9.You had written about the work you do and the work done by your elders in their childhood. Is there a change?

Ans. Yes, there are many changes. Now most of the children get more time to focus on study. Many ladies now also go to office to earn money. Children get less work to do.

10. Deepali had to leave school to do household work. Find out if there are any children in your neighbourhood who are over five years and do not go to school.

<https://www.indcareer.com/schools/ncert-solutions-for-3rd-class-environmental-studies-chapter-12-work-we-do/>

Ans. Yes, there are some children in my neighbourhood who are over five years and do not go to school. Such children help their parents in earning money.

11. Talk to any two children and find out why they do not go to school.

Ans. First child is Aslam: His parents are very poor. Aslam works at a tea stall. He serves tea to customers and washes utensils. He works so that he can support his family.

Second child is Rani: Her father lost his hands in an accident. He cannot work now. Rani helps her mother in doing household jobs in different homes. Rani works so that she can support her family.

About NCERT

The National Council of Educational Research and Training is an autonomous organization of the Government of India which was established in 1961 as a literary, scientific, and charitable Society under the Societies Registration Act. The major objectives of NCERT and its constituent units are to: undertake, promote and coordinate research in areas related to school education; prepare and publish model textbooks, supplementary material, newsletters, journals and develop educational kits, multimedia digital materials, etc. Organise pre-service and in-service training of teachers; develop and disseminate innovative educational techniques and practices; collaborate and network with state educational departments, universities, NGOs and other educational institutions; act as a clearing house for ideas and information in matters related to school education; and act as a nodal agency for achieving the goals of Universalisation of Elementary Education. In addition to research, development, training, extension, publication and dissemination activities, NCERT is an implementation agency for bilateral cultural exchange programmes with other countries in the field of school education. Its headquarters are located at Sri Aurobindo Marg in New Delhi. [Visit the Official NCERT website](https://www.ncert.nic.in/) to learn more.
