NCERT Solutions for 3rd Class Environmental Studies: Chapter 2-The Plant Fairy

Class 3: Environmental Studies Chapter 2 solutions. Complete Class 3 Environmental Studies Chapter 2 Notes.

NCERT Solutions for 3rd Class Environmental Studies: Chapter 2-The Plant Fairy

NCERT 3rd Environmental Studies Chapter 2, class 3 Environmental Studies Chapter 2 solutions

1.Can you name the plant on which Didi was sitting?

<https://www.indcareer.com/schools/ncert-solutions-for-3rd-class-environmental-studies-chapter-2-the-plant-fairy/>

Ans. Yes, Didi was sitting on the grass (plant).

2. Have you seen a tree with a trunk as thick as the one shown in the picture?

Ans. Yes, I have seen such trees; for example the banyan tree.

3. Do all the leaves have similar colours, shapes and margins?

Ans. No, all the leaves have no similar colours, shapes and margins.

4. Collect a few leaves of plants like lemon, mango, neem, basil (tulsi), mint (pudina) and coriander (dhaniya). Crush the leaves and smell them. Do they all smell alike? Can you identify the leaves just by their smell?

Ans. No, all the leaves do not smell alike. Different leaves give different smells. We can identify some of the leaves by their smell.

5. Look at the rubbings made by the others. Are the rubbings of different plants similar?

Ans. No, the rubbings of different plants are not similar.

6. Which leaf gave a good rubbing?

Ans. Leaves with rough surface gave good rubbing.

7. In case of which tree was the rubbing of the trunk difficult? Why?

Ans. In case of trees with plain and soft trunk surface; rubbing is difficult. A rough surface makes it easy to get an imprint by rubbing.

NCERT 3rd Environmental Studies Chapter 2, class 3 Environmental Studies Chapter 2 solutions

8. Look at the picture and name the things which have patterns of leaves and flowers on them.

Ans. Following things have patterns of leaves and flowers on them:

Bedsheet, Wall painting, Pillow, Book, Pant of the girl, and carpet.

9. You must have seen many plants and trees. How many of them.

About NCERT

The National Council of Educational Research and Training is an autonomous organization of the Government of India which was established in 1961 as a literary, scientific, and charitable Society under the Societies Registration Act. The major objectives of NCERT and its constituent units are to: undertake, promote and coordinate research in areas related to school education; prepare and publish model textbooks, supplementary material, newsletters, journals and develop educational kits, multimedia digital materials, etc. Organise pre-service and in-service training of teachers; develop and disseminate innovative educational techniques and practices; collaborate and network with state educational departments, universities, NGOs and other educational institutions; act as a clearing house for ideas and information in matters related to school education; and act as a nodal agency for achieving the goals of Universalisation of Elementary Education. In addition to research, development, training, extension, publication and dissemination activities, NCERT is an implementation agency for bilateral cultural exchange programmes with other countries in the field of school education. Its headquarters are located at Sri Aurobindo Marg in New Delhi. [Visit the Official NCERT website](#) to learn more.
