Write in your notebook

1. Why does Mama have to change his house?

Ans. A big hotel was proposed to be built on the land where Mama had his house was present. So, the people living at that place had to change their house.

2. Have you ever moved from your house? If yes, why did you have to move?

Ans. Yes, I moved from my house because of transfer of my father to another place.

3. Do people in your family have to go far for their work? Where do they go? How far do they have to go?

Ans. Yes, my father goes to office for his work. His office is about 10 km from our house.

Discuss

4. Is it right that Mama and others have to move because a hotel is going to be built there?

Ans. If they were not the owner of the land, then it is right. But the Government should also ensure that the poor get affordable houses.

5. Who will benefit from this?

Ans. The owner of the land and hotel will be benefited from this.

6. Who will face difficulties?

Ans. People like Nandita's Mama will face difficulties.

7. Do you know of any people who have faced problems similar to Nandita's Mama? Talk about it in class.

<https://www.indcareer.com/schools/ncert-solutions-for-4th-class-environmental-studies-chapter-17-nandita-in-mumbai/>

Ans. Yes, I know several peoples who had to face- similar problems like Nandita's Mama. They have to move to new places because of the construction of a new road.

About NCERT

The National Council of Educational Research and Training is an autonomous organization of the Government of India which was established in 1961 as a literary, scientific, and charitable Society under the Societies Registration Act. The major objectives of NCERT and its constituent units are to: undertake, promote and coordinate research in areas related to school education; prepare and publish model textbooks, supplementary material, newsletters, journals and develop educational kits, multimedia digital materials, etc. Organise pre-service and in-service training of teachers; develop and disseminate innovative educational techniques and practices; collaborate and network with state educational departments, universities, NGOs and other educational institutions; act as a clearing house for ideas and information in matters related to school education; and act as a nodal agency for achieving the goals of Universalisation of Elementary Education. In addition to research, development, training, extension, publication and dissemination activities, NCERT is an implementation agency for bilateral cultural exchange programmes with other countries in the field of school education. Its headquarters are located at Sri Aurobindo Marg in New Delhi. [Visit the Official NCERT website](#) to learn more.
