Discuss

1. Vani and Prasad learnt this beautiful craft from their family members. When they grow up, do you think they will be able to teach their children the skills of this craft?

Ans. Yes, they will be able to teach their children the skills of this craft.

Write in Your Notebook

2. Have you ever seen anybody weave something on a loom?

Ans. Yes, I saw it on TV.

3. What were they weaving and where?

Ans. They were weaving a shawl. There was a programme on the TV about weavers of Bhagalpur.

4. The threads of a saree are dyed. Do you know of any other thing that is dyed?

Ans. Woollen thread is also dyed.

5. If you visit Vani's village it seems as if the entire village is weaving sarees. Do you know of any other work which many people living in one place do?

Ans. Yes, such as pottery.

6. Do they make some article?

Ans. Yes they make earthen pots.

7. Find out the process of making the article? What are the different steps?

Ans. First of all they make dough of fine earth. The dough is put on a wooden wheel, which is called Chak or Potter's Wheel. Potter then gives the desired shapes to the earthen dough. Desired pots and toys made of earth are dried in the sun and then baked in kiln. Then they are coloured as per requirement.

8. Do men and women do different kinds of work to make this article?

Ans. Usually they do the same work and share their tasks.

Find Out and Write

1. Talk to an ironsmith, a carpenter and a potter about the nature of their work.

Ans.

Iron smith – Makes the things made of iron.

Carpenter – Makes the wooden articles.

Potter – Makes the earthen pots and toys.

2. Where did they learn to do their work?

Ans. Usually they learn it from their parents.

3. What else did they need to learn to be able to do this work?

Ans. The skill of imagination for making good pottery.

4. Have they taught this work to anybody in their family, or to anyone else?

Ans. Yes, they teach their work to their family members and anyone else who likes to learn it.

5. The table below has a list of different kinds of work that people do. Do you know people who do such work? Write their names in the first column. In the next column write from whom have they learnt their work?

About NCERT

The National Council of Educational Research and Training is an autonomous organization of the Government of India which was established in 1961 as a literary, scientific, and charitable Society under the Societies Registration Act. The major objectives of NCERT and its constituent units are to: undertake, promote and coordinate research in areas related to school education; prepare and publish model textbooks, supplementary material, newsletters, journals and develop educational kits, multimedia digital materials, etc. Organise pre-service and in-service training of teachers; develop and disseminate innovative educational techniques and practices; collaborate and network with state educational departments, universities, NGOs and other educational institutions; act as a clearing house for ideas and information in matters related to school education; and act as a nodal agency for achieving the goals of Universalisation of Elementary Education. In addition to research, development, training, extension, publication and dissemination activities, NCERT is an implementation agency for bilateral cultural exchange programmes with other countries in the field of school education. Its headquarters are located at Sri Aurobindo Marg in New Delhi. [Visit the Official NCERT website](https://www.ncert.nic.in/) to learn more.
