NCERT 6th Civics Chapter 5, class 6 Civics Chapter 5 solutions

Questions Page No 48

1. What problem did the villagers in Hardas village face? What did they do to solve this problem?

Solution 1:

Water problem had become very acute. The hand pump water had gone well below the point, up to which the ground had been drilled. They hardly got any water in the taps. Women had to walk 3 km to get the water from the Suru river. They were planning to go ahead with watershed development.

2. What, in your opinion, is the importance of the Gram Sabha? Do you think all members should attend Gram Sabha meetings? Why?

Solution 2:

Gram Sabha is of great importance, because they elect the gram panchayat members. They keep a check on the activities of gram panchayat, so that funds are utilised in the right way and to make sure that all problems and solutions are discussed and solved in the right manner, at the right time.

All members should attend the meetings. If not, the few people will not be able to find any solutions for the problems. When all the members are present, any wrong doings of the gram panchayat can also be taken care of.

3. What is the link between a Gram Sabha and a Gram Panchayat?

Solution 3:

Gram panchayat members are elected by the gram sabha. The gram panchayat is answerable to the gram sabha. Gram sabha can keep a check on the activities of members of the gram panchayat.

4. Take an example of any one task done by a Panchayat in your area/nearby rural area and find out the following.

- a) Why it was taken up
- b) Where the money came from
- c) Whether or not the work has been completed.

Solution 4:

Students need to do this task keeping in mind the respective areas where they live.

5. What is the difference between a Gram Sabha and a Gram Panchayat?

Solution 5:

6. Read the following news item.

Nimone is a village on the Chaufula-Shirur Road. Like many others, this village has also been facing a severe water shortage for the last few months and villagers depend on tankers for all their needs. Bhagvan Mahadeo Lad (35) of this village was beaten with sticks, iron rods and axes by a group of seven men. The incident came to light when some villagers brought a badly injured lad to hospital for treatment. The FIR recorded by the police said that he was attacked when he insisted that the water in the tanker must be emptied into the storage tanks. The storage tanks were constructed as part of the water supply scheme by Nimone Gram Panchayat, so that there would be equal distribution of water. However, he alleged that the upper caste men were against this and told him that the tanker water was not meant for the lower castes.

Adapted from Indian Express, May 1, 2004

a. Why was Bhagvan beaten?

Solution a:

He wanted the tanker water to be emptied into the storage tanks, as a part of the water supply scheme by Nimone Gram Panchayat.

b. Do you think that the above is a case of discrimination? Why?

Solution b:

It was a clear case of caste discrimination, as he was beaten up by people belonging to an upper caste, who insisted that lower caste people did not have the rights over the tanker water.

7. Find out more about watershed development and how it benefits an area?

Solution 7:

Watershed development helps conserving water and it recharges the water in an area. It can even transform the landscape of a place from a barren land to a green meadow, in a couple of years.

About NCERT

The National Council of Educational Research and Training is an autonomous organization of the Government of India which was established in 1961 as a literary, scientific, and charitable Society under the Societies Registration Act. The major objectives of NCERT and its constituent units are to: undertake, promote and coordinate research in areas related to school education; prepare and publish model textbooks, supplementary material, newsletters, journals and develop educational kits, multimedia digital materials, etc. Organise pre-service and in-service training of teachers; develop and disseminate innovative educational techniques and practices; collaborate and network with state educational departments, universities, NGOs and other educational institutions; act as a clearing house for ideas and information in matters related to school education; and act as a nodal agency for achieving the goals of Universalisation of Elementary Education. In addition to research, development, training, extension, publication and dissemination activities, NCERT is an implementation agency for bilateral cultural exchange programmes with other countries in the field of school education. Its headquarters are located at Sri Aurobindo Marg in New Delhi. [Visit the Official NCERT website](https://www.ncert.nic.in/) to learn more.
