Let's Discuss

3. Return to Rasheeda's question. Can you think of some answers to it?

Answer

Rasheeda's question is, "How could anyone know what had happened so many years ago?" We can know what had happened so many years ago by reading books which were based upon findings by historians and archeologists through past remains such as manuscripts, inscriptions, tools, weapons, etc.

<https://www.indcareer.com/schools/ncert-solutions-for-6th-class-history-chapter-1-what-where-how-and-when/>

- Pots
- Ornaments
- Coins
- Bones of birds, animals, fish etc.

Tools, weapons, sculpture, could be made of stone.

5. Why do you think ordinary men and women did not generally keep records of what they did?

Answer

The ordinary men and women did not generally keep records of what they did because they weren't doing any notable works. They are living their ordinary life also they didn't know about reading and writing.

6. Describe at least two ways in which you think the lives of kings would have been different from those of farmers.

Answer

Two ways in which the lives of kings are different from farmers:

- Farmers had to work in their field while king's duty was to protect his citizen.
- Kings fought battles and kept records of their victories while farmers led their ordinary life and they didn't keep any record.

Let's Do

7. Find the word crafts persons on page 1. List at least five different crafts that you know about today. Are the crafts persons — (a) men (b) women (c) both men and women?

About NCERT

The National Council of Educational Research and Training is an autonomous organization of the Government of India which was established in 1961 as a literary, scientific, and charitable Society under the Societies Registration Act. The major objectives of NCERT and its constituent units are to: undertake, promote and coordinate research in areas related to school education; prepare and publish model textbooks, supplementary material, newsletters, journals and develop educational kits, multimedia digital materials, etc. Organise pre-service and in-service training of teachers; develop and disseminate innovative educational techniques and practices; collaborate and network with state educational departments, universities, NGOs and other educational institutions; act as a clearing house for ideas and information in matters related to school education; and act as a nodal agency for achieving the goals of Universalisation of Elementary Education. In addition to research, development, training, extension, publication and dissemination activities, NCERT is an implementation agency for bilateral cultural exchange programmes with other countries in the field of school education. Its headquarters are located at Sri Aurobindo Marg in New Delhi. [Visit the Official NCERT website](https://www.ncert.nic.in/) to learn more.
