1. How do archaeologists know that cloth was used in the Harappan civilisation?

Answer

Archaeologists knew that cloth was used in the Harappan civilisation because actual pieces of

cloth were found attached to the lid of a silver vase and some copper objects at Mohenjodaro. They have also found spindle whorls, made of terracotta and faience which were used to spin thread.

2. Match the columns

Copper	Gujarat
Gold	Afghanistan
Tin	Rajasthan
Precious stones	Karnataka

Answer

Copper	Rajasthan
Gold	Karnataka
Tin	Afghanistan
Precious stones	Gujarat

3. Why were metals, writing, the wheel, and the plough important for the Harappans?

<https://www.indcareer.com/schools/ncert-solutions-for-6th-class-history-chapter-4-in-the-earliest-cities/>

Answer

Things and its importance:

- Metals - For making tools, weapons, ornaments and vessels
- Writing - For maintaining records.
- Wheels - Used as means of transport.
- Ploughing - For tilling the land so that farming could be done.

Let's Discuss

4. Make a list of all the terracotta toys shown in the lesson. Which do you think children would have enjoyed playing with the most?

Answer

- Animal figures
- Wheeled vehicles
- Toy plough

Children would have enjoyed playing with the wheeled vehicles most.

5. Make a list of what the Harappans ate, and put a tick mark against the things you eat today.

Answer

They Harappans ate rice, wheat, barley, pulses, mustard, peas, linseed etc. These things we eat even today.

6. Do you think that the life of farmers and herders who supplied food to the Harappan cities was different from that of the farmers and herders you read about in Chapter 3? Give reasons for your answer.

Answer

<https://www.indcareer.com/schools/ncert-solutions-for-6th-class-history-chapter-4-in-the-earliest-cities/>

The life of farmers and herders who supplied food to the Harappan cities was different from that of the farmers and herders in Chapter 3. In Harappa, farmers and herders did agriculture and domestication of animals in a more organised way. They sold their surplus to meet other demands such as clothes etc. while the farmers and herders in Chapter 3 only produce for their own use.

About NCERT

The National Council of Educational Research and Training is an autonomous organization of the Government of India which was established in 1961 as a literary, scientific, and charitable Society under the Societies Registration Act. The major objectives of NCERT and its constituent units are to: undertake, promote and coordinate research in areas related to school education; prepare and publish model textbooks, supplementary material, newsletters, journals and develop educational kits, multimedia digital materials, etc. Organise pre-service and in-service training of teachers; develop and disseminate innovative educational techniques and practices; collaborate and network with state educational departments, universities, NGOs and other educational institutions; act as a clearing house for ideas and information in matters related to school education; and act as a nodal agency for achieving the goals of Universalisation of Elementary Education. In addition to research, development, training, extension, publication and dissemination activities, NCERT is an implementation agency for bilateral cultural exchange programmes with other countries in the field of school education. Its headquarters are located at Sri Aurobindo Marg in New Delhi. [Visit the Official NCERT website](https://www.ncert.nic.in/) to learn more.
