► barley , wheat , peas , pulses , rice , millets , fruits and sesames also animal flesh and fruits.

Let's Discuss

3. In what ways are the books we read today different from the Rigveda?

Answer

The books we read today different from the Rigveda because the books we use are printed while Rigveda was recited and heard rather than read. The Rigveda is in old or Vedic Sanskrit.

4. What kind of evidence from burials do archaeologists use to find out whether there were social differences amongst those who were buried?

Answer

In Brahmagiri, archeologists found a skeleton buried with 33 gold beads, 2 stone beads, 4 copper bangles, and one conch shell while other skeletons have only a few pots. This help archeologists to find social differences amongst those who were buried.

5. In what ways do you think that the life of a raja was different from that of a dasa or dasi?

Answer

The life of raja was different from that of a dasa or dasi in following manner:

- Raja was a powerful leader who used to rule while Dasa or dasi are captured slaves who used to serve their masters.
- Raja can perform sacrifices while dasa or dasis could not.

<https://www.indcareer.com/schools/ncert-solutions-for-6th-class-history-chapter-5-what-books-and-burials-tells-us/>

- Raja was a free man while dasa or dasis have to do what their masters said.

About NCERT

The National Council of Educational Research and Training is an autonomous organization of the Government of India which was established in 1961 as a literary, scientific, and charitable Society under the Societies Registration Act. The major objectives of NCERT and its constituent units are to: undertake, promote and coordinate research in areas related to school education; prepare and publish model textbooks, supplementary material, newsletters, journals and develop educational kits, multimedia digital materials, etc. Organise pre-service and in-service training of teachers; develop and disseminate innovative educational techniques and practices; collaborate and network with state educational departments, universities, NGOs and other educational institutions; act as a clearing house for ideas and information in matters related to school education; and act as a nodal agency for achieving the goals of Universalisation of Elementary Education. In addition to research, development, training, extension, publication and dissemination activities, NCERT is an implementation agency for bilateral cultural exchange programmes with other countries in the field of school education. Its headquarters are located at Sri Aurobindo Marg in New Delhi. [Visit the Official NCERT website](https://www.ncert.nic.in/) to learn more.
